I agree to return the recycling cart to the City of Valley Park Public Works Department if I sell the property. (this allows the City to transfer the cart to the new homeowner) If not returned there will be a special tax in the amount of _____ assessed against the property to be collected at closing when realtor/owner checks for outstanding taxes or sanitation bills with the City of Valley Park. I also understand that it is my responsibility to replace recycling cart if lost, stolen or damaged. The Carts are being provided thru a grant from St. Louis County Municipal League.
