

VALLEY PARK POLICE A St Louis County Police Partnership COMMUNITY NEWSLETTER JUNE 2023

School's out for summer! Whether you're a child or parent, summer is the time to have some fun, mix up the routine, and take a break for some good old-fashioned outdoor recreation. It also means an influx of children who will be running, riding bikes, playing ball

just having fun outside. It's important to keep this in mind while out driving this time of year. Remember to put your phone down, slow your roll, and pay a little extra attention to what's going on outside your car, especially while travelling through subdivisions and around playgrounds. Do your part to help keep our children safe this summer.

Going on vacation? Did you know the St. Louis County Police Department provides home vacation inspections while you're away? All you need to do is visit <u>www.stlouiscountypolice.com</u> and complete the online "Vacation Inspection Form" or visit the Valley Park Station to request a Vacation Inspection. Upon

WORK ZONE SAFETY

Motorists are reminded to slow down, put their phone down and pay attention as they drive past work zones. Not all work zones look alike. Work zones can be moving operations, such as striping, patching or mowing. They can also be short term, temporary lane closures to make quick repairs or remove debris from the roadway.

Driver inattention was the number one cause of work zone crashes last year. The average text takes five seconds to read. Traveling at 55 mph, you will travel more than the length of a football field—blindfolded. MoDOT's slow moving maintenance operations move as slow as 10 mph and if you aren't paying attention to the road, you will come up on the closed lane very quickly.

The top five contributing circumstances for work zone crashes: distracted/inattentive, following too close, improper lane usage, too fast for conditions and failed to yield.

Please pay attention and drive safely in work zones. Wait to merge and take turns with the other drivers on the road. We want you and our workers to make it home safe every day.
